CodeChef

Leetcode

EXPERIENCE

TLE-Eliminators

June 2024 - Present

Doubt Mentor

Remote

- Working as a **Doubt Mentor** in **TLE-Eliminators**. which is one of the Top-Competitive Programming Teaching Site. I have resolved more than 100+ Doubts at present.

AskSenior

December 2023 - June 2024

Teaching Assistant

Remote

- Created **Video Solutions** for a problems from **Codeforces CodeChef LeetCode** and **AtCoder**. Resolving doubts and answered to the queries related to **Competitive Programming and DSA** in AskSenior Batch.

PROJECTS

1. Text To 3D MODELLING | HTML, CSS, JS, jQuery, 3JS, API HANDLING | [Github](#) | [Live Demo](#)

- Built an User Friendly Website using **3JS** and **Panorama 360** which generates 3D models from the given text by the User.
- Implemented **API Handlings** in the code to achieve the results faster by breaking the process into Text-to-2d Image and 2d Image to 3D models.
- Increased the efficiency of the model and reduced the response time under 5 minutes.

2. QR Code Generator | NodeJS, ExpressJS, Html, CSS | [Github](#)

- Developed a secure and user-friendly job portal utilizing **Express.js for backend and MongoDB with Mongoose for data management**.
- Implemented **RESTful APIs and JWT-based authentication** to handle job postings, applications, and user management, ensuring secure and efficient operations.
- Integrated **Swagger-UI-Express** for streamlined API documentation and testing, enhancing development and debugging processes.

3. SIMON GAME | HTML, CSS, JS, jQuery | [Github](#) | [Live Demo](#)

- Built an exclusive Simon Game for Desktop version using **HTML, CSS, Bootstrap** for styling the Website with Better UI.
- Implemented a **JS and jQuery** functions for dealing with dynamic Inputs from the Users.

ACHIEVEMENTS

- 1* coder at codechef
- Solved 25+ problems at leetcode

EDUCATION

SVERI's College of Engineering

Pandharpur, India

Bachelor of Technology
Computer Science and Engineering

December 2022 - July 2026

SVERI's College of Engineering

Pandharpur, India

Bachelor of Technology
Computer Science and Engineering

December 2022 - July 2026

SKILLS

Languages: JAVA , python, JavaScript

Technologies/Frameworks/Libraries : HTML, CSS, ReactJS, jQuery, , NodeJS, ExpressJS, Bootstrap, Tailwind

DataBases : MySQL, MongoDB

Tools and Services : Git, GitHub, VS-Code , POSTMAN

Soft-Skills : Communication, Leadership, Adaptable, Teamwork.
